

## Traffic Alert: Lane Closure on North Parkway and Manassas Street

**(May 13, 2026)** – Beginning Friday, May 15, MLGW crews will close eastbound traffic on North Parkway from Danny Thomas Boulevard to Dunlap Street. Additionally, Manassas Street will be closed to northbound and southbound traffic between North Parkway and Galloway Street.

These closures are necessary to accommodate the construction of new underground electric infrastructure. Work is expected to remain in place for approximately three months or until further notice.

Drivers are encouraged to follow the posted detour routes and to use extra caution when traveling near crews. Local traffic will still be allowed access to businesses located within the closure area.

-ENDIT-

*Memphis Light, Gas and Water is the largest three-service public power utility in the nation, serving the residents of Memphis and Shelby County, Tennessee since 1939. MLGW consistently provides customers with rates that are amongst the lowest in the nation and stewards a water supply from artesian wells that is minimally treated. Actively engaged in promoting the prosperity of Memphis and Shelby County, MLGW supports the seven local chambers in its service area and makes doing business with local, minority- and women-owned business a priority. Deeply rooted in the community, its employees generously donate time and money in support of bettering the Greater Memphis area.*
