Hyde Park Parcels

DISCLAIMER: The list of properties made available by the City of Memphis is subject to change at any time. Parcels may be removed if the City's evaluation determines that they are not suitable for development, and additional parcels may be added as they come into the City's possession.
In some cases, two adjacent parcels have been bundled together when an individual parcel is too small to be developable on its own.
Any designation of a structure (such as a house, duplex, or commercial building) as "salvageable" is based solely on a limited exterior inspection. No interior assessment is included in this initial determination. The City of Memphis makes no guarantee that a structure listed as "salvageable" can, in fact, be rehabilitated for occupancy at a reasonable cost.
Properties identified as "salvageable" may have their status updated periodically as additional information becomes available. Any structure listed as "demo" will be demolished by the City prior to sale.

Parcel ID#	Official Address	St # (or equivalent)	St Name	Zip Code	# of Years in Land Bank	Current Year Assessor Appraisal	Current Parcel Type	Notes
